COMPANY OVERVIEW

KKMT Construction (PTY) Ltd. is a dynamic, multi-disciplinary company specializing in construction, civil, and electrical engineering services. Founded with the vision of providing a comprehensive range of services under one roof, we are committed to delivering exceptional quality and value in every project we undertake.

Operating primarily from the Goldfields area, we cater to both small and large-scale projects, including construction, repair, and alterations. Our expertise spans residential, commercial, and government sectors, ensuring that we meet the diverse needs of our clients.

As we grow and adapt to the evolving market, KKMT Construction is strategically shifting focus from residential clients to larger commercial and government contracts. This transition is driven by our desire to improve profit margins and establish a significant presence in the competitive construction industry.

Our CIDB Grading of 6EP, 6CE, 1GB, and 1ME reflects our capability and commitment to excellence. At KKMT Construction, we are more than just builders; we are partners in creating a sustainable and prosperous future.

OUR PROCESS

Mission

KKMT Construction strives to offer the finest quality design, site preparation, cost estimates, construction, repair, and alteration to clients needing large scale construction and/or Electrical & civil engineering services, whether it be office buildings, Electrical Lines, High Mast and street lights, Solar PV Plants installations, warehouses, large apartment complexes, public works, etc. KKMT will maintain the highest standards of service in the construction and civil engineering industry.

Vision

To be South Africa's premier engineering, construction, and project management. Company by achieving extraordinary results for our clients, building communities, and earning a fair return on the value we deliver.

COMPANY VALUES

Our client's satisfaction is a constant measure of achievement for our team. While there is no doubt that this satisfaction is due to our commitment to our clients, it is also directly related to the values through which KKMT Construction manages its operation.

These include: Leadership, Innovation, Integrity, Honesty, Fairness, Individual Contribution, Reliability & Strong Work Ethic.

WHAT WE DO

ROADS & STORMWATER

We offers a comprehensive range of Roads and Stormwater services to ensure safe and well-maintained infrastructure. Our services include professional paving for roads and sidewalks, enhancing durability and functionality. We provide clear and durable road markings to improve traffic safety and guidance.

BUILDING AND PROPERTY MAINTENANCE

We provides comprehensive Building & Property Maintenance Services designed to meet the needs of diverse clients. Our expertise includes professional paving to enhance the functionality and aesthetics of various spaces. We specialize in alterations of buildings and structures, ensuring that modifications are done with precision and in compliance with industry standards. Our office maintenance services keep commercial spaces in top condition, ensuring a conducive working environment.

PROPERTY DEVELOPMENT

We specialize in Property Development, transforming visions into reality by creating residential, commercial, and industrial spaces that meet the highest standards of quality and sustainability. Our expert team manages every aspect of the development process, from initial planning and design to construction and final handover.

WHAT WE DO

CONSTRUCTION & CIVIL CONSTRUCTION

Our expertise covers the construction of sewerage plants and extensive sewer and water networks, ensuring efficient and sustainable wastewater management solutions. We also specialize in road construction, offering both blacktop and brick paving options to suit various project requirements. Additionally, our stormwater drainage systems are designed to effectively manage water flow, preventing flooding and protecting infrastructure. With a focus on quality, safety, and environmental sustainability

CONSTRUCTION PLANT HIRE

We offers comprehensive Construction Plant Hire services, providing clients with access to a wide range of high-quality construction equipment and machinery. Our fleet includes essential machinery such as excavators, bulldozers, graders, loaders, and more, all maintained to the highest standards to ensure reliability and efficiency. Whether for short-term or long-term projects, our plant hire services are designed to meet the diverse needs of construction projects, from small-scale renovations to large infrastructure developments.

CONSTRUCTION MATERIAL SUPPLY

We provides a reliable Construction Material Supply service, offering a comprehensive range of high-quality building materials to meet the needs of various construction projects. Our extensive inventory includes essential items such as bricks, cement, sand, gravel, steel, and other materials required for residential, commercial, and industrial constructions.

WHAT WE DO

ELECTRICAL ENGINEERING

We specialize in Electrical Engineering and Construction services, focusing on the repair and maintenance of Low Voltage (LV) and Medium Voltage (MV) power lines. Their expertise extends to the supply and installation of high mast lights and street lighting solutions, ensuring reliable and efficient illumination for public spaces. Additionally, KKT Construction is committed to sustainability by offering renewable energy solutions, such as photovoltaic (PV) solar system hybrids, which integrate solar power with other energy sources to provide environmentally friendly and cost-effective energy solutions for residential, commercial, and industrial projects.

MINING & ENVIRONMENTAL SERVICES

We provide a reliable Construction Material Supply service, offering a comprehensive range of high-quality building materials to meet the needs of various construction projects. Our extensive inventory includes essential items such as bricks, cement, sand, gravel, steel, and other materials required for residential, commercial, and industrial constructions. We are committed to delivering materials that meet industry standards, ensuring durability and strength in every project.

CIVIL ENGINEERING

We are a reputable civil engineering company specializing in a wide range of services, including infrastructure development, road construction, drainage systems, and structural engineering. With a focus on quality, safety, and timely project completion, the company has established itself as a trusted partner in both public and private sector projects. KKT Construction combines industry expertise with advanced technology to deliver sustainable and cost-effective solutions, ensuring client satisfaction and contributing to the growth of local communities through their well-executed civil engineering projects.

WHAT WE DO

REFRIGERATION & AIR-CONDITIONING

We are a leading company specializing in refrigeration and air-conditioning services. With a focus on providing high-quality, energy-efficient solutions, the company offers installation, maintenance, and repair services for both residential and commercial clients. Their expertise spans across a wide range of cooling systems, ensuring reliable temperature control and optimal performance for all types of refrigeration and HVAC systems.

LOGISTICS

We also provides efficient and reliable transportation services for coal, ore, manganese, and other mine minerals. With a strong fleet of heavy-duty trucks and specialized equipment, the company ensures safe and timely delivery of these crucial raw materials from mining sites to processing facilities or export terminals. Their transportation services are designed to handle large volumes of materials while minimizing environmental impact and ensuring compliance with all safety regulations.
